

Apps anywhere, anytime!

- Basic Access Guideline -

You can access **AnaApp** either from your **KU** or **personal computer**.

Click on the below link to get started.

1. Accessing AnaApp from **KU computer**

- ⚠ Requires internet connection
- ✅ All network license applications are accessible

2. Accessing AnaApp from **personal computer**

- ⚠ Requires internet connection
- ❌ Network license applications are not accessible, if you are not on KU network.

Access **AnaApp** from **KU device**

<https://anaapp.ankabut.ac.ae/>

OR

From KU portal

QUICK LINKS

- ADERP Self Service
- Ankabut PMO
- ANKABUT Project Center
- KU Staff Portal
- **AnaApp**
- Academic Software Catalog
- KU Policy Library
- Learning Management
- Academic Calendar
- Attendance System

A yellow star icon is circled in red on the left side of the menu. The 'AnaApp' link is also highlighted with a red box.

KUSTAR

KUSTAR \ Username

Password

Sign in

The login form has three input fields: a domain dropdown menu (KUSTAR), a username field (KUSTAR \ Username), and a password field. A 'Sign in' button is at the bottom. Red boxes and arrows highlight the domain dropdown and the username/password fields.

1. Select your account domain using the dropdown

2. Use your credentials to sign in

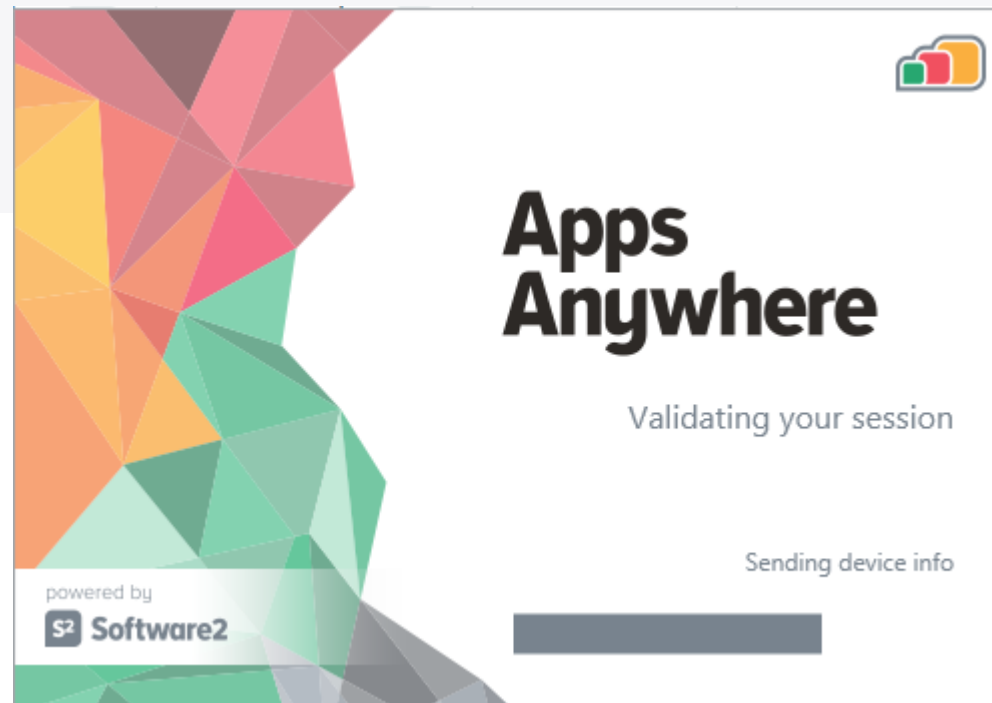

Validation in progress...

We are currently validating you. Please wait...

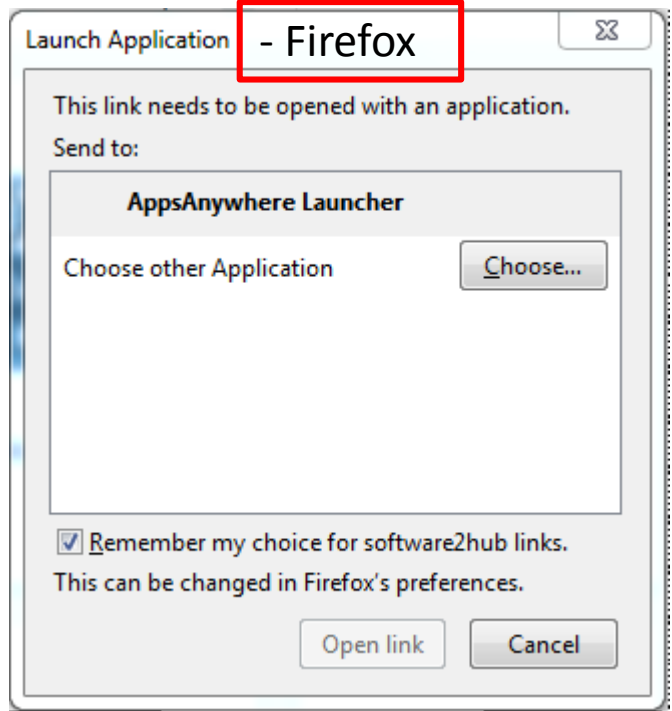

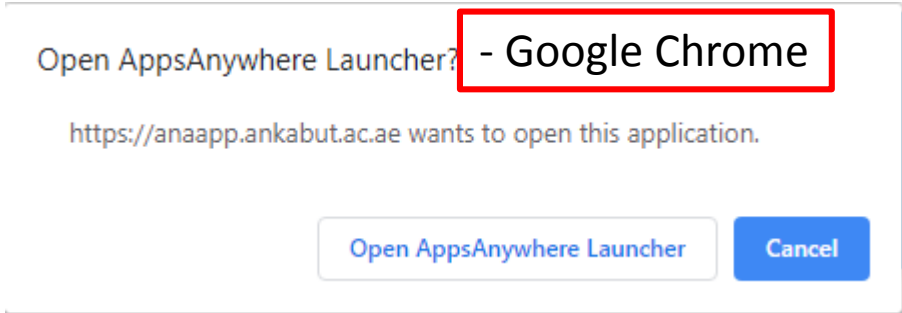

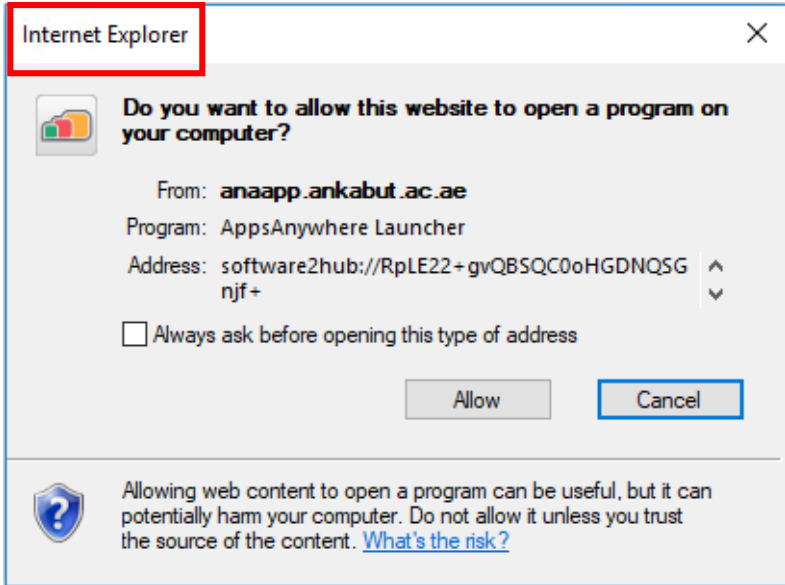

Please wait until the validation is completed.

The validation screen features a colorful geometric background on the left. On the right, the text reads "Apps Anywhere" in a large, bold font, followed by "Validating your session" and "Sending device info". A progress bar is shown below the text. In the bottom left corner, it says "powered by" followed by the "S² Software2" logo. A small icon of three overlapping colored squares is in the top right corner.

You should not be receiving the below pop-ups. If prompted, click allow/open.

Validation Successful

You have been successfully validated.

Once the validation is successful, you are ready to launch an app.

Hover over an app tile to see "Launch" & "More Info" buttons.

Click "More Info" to see additional information about the app.

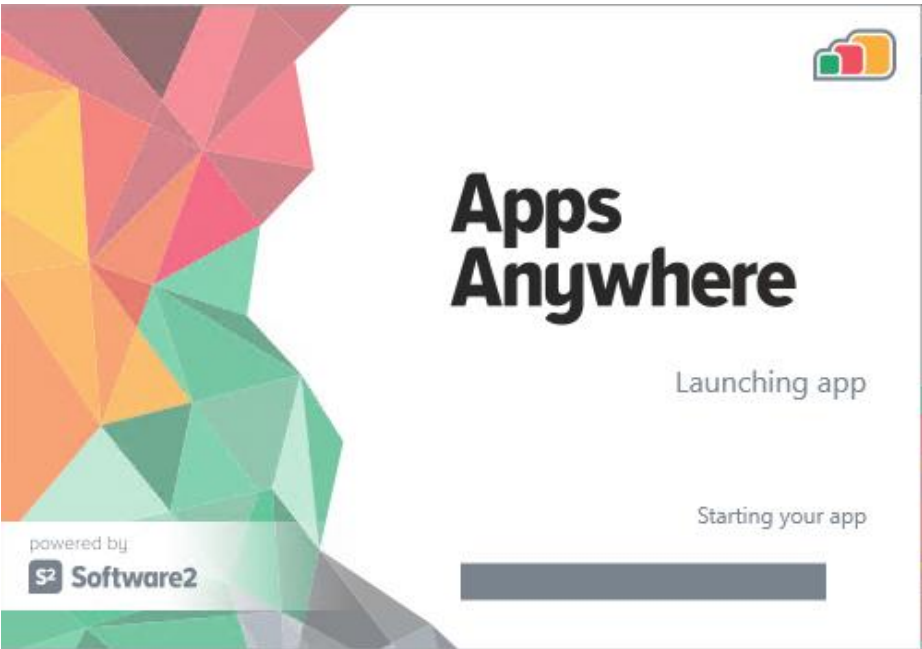

We're attempting to communicate with AppsAnywhere on your device.

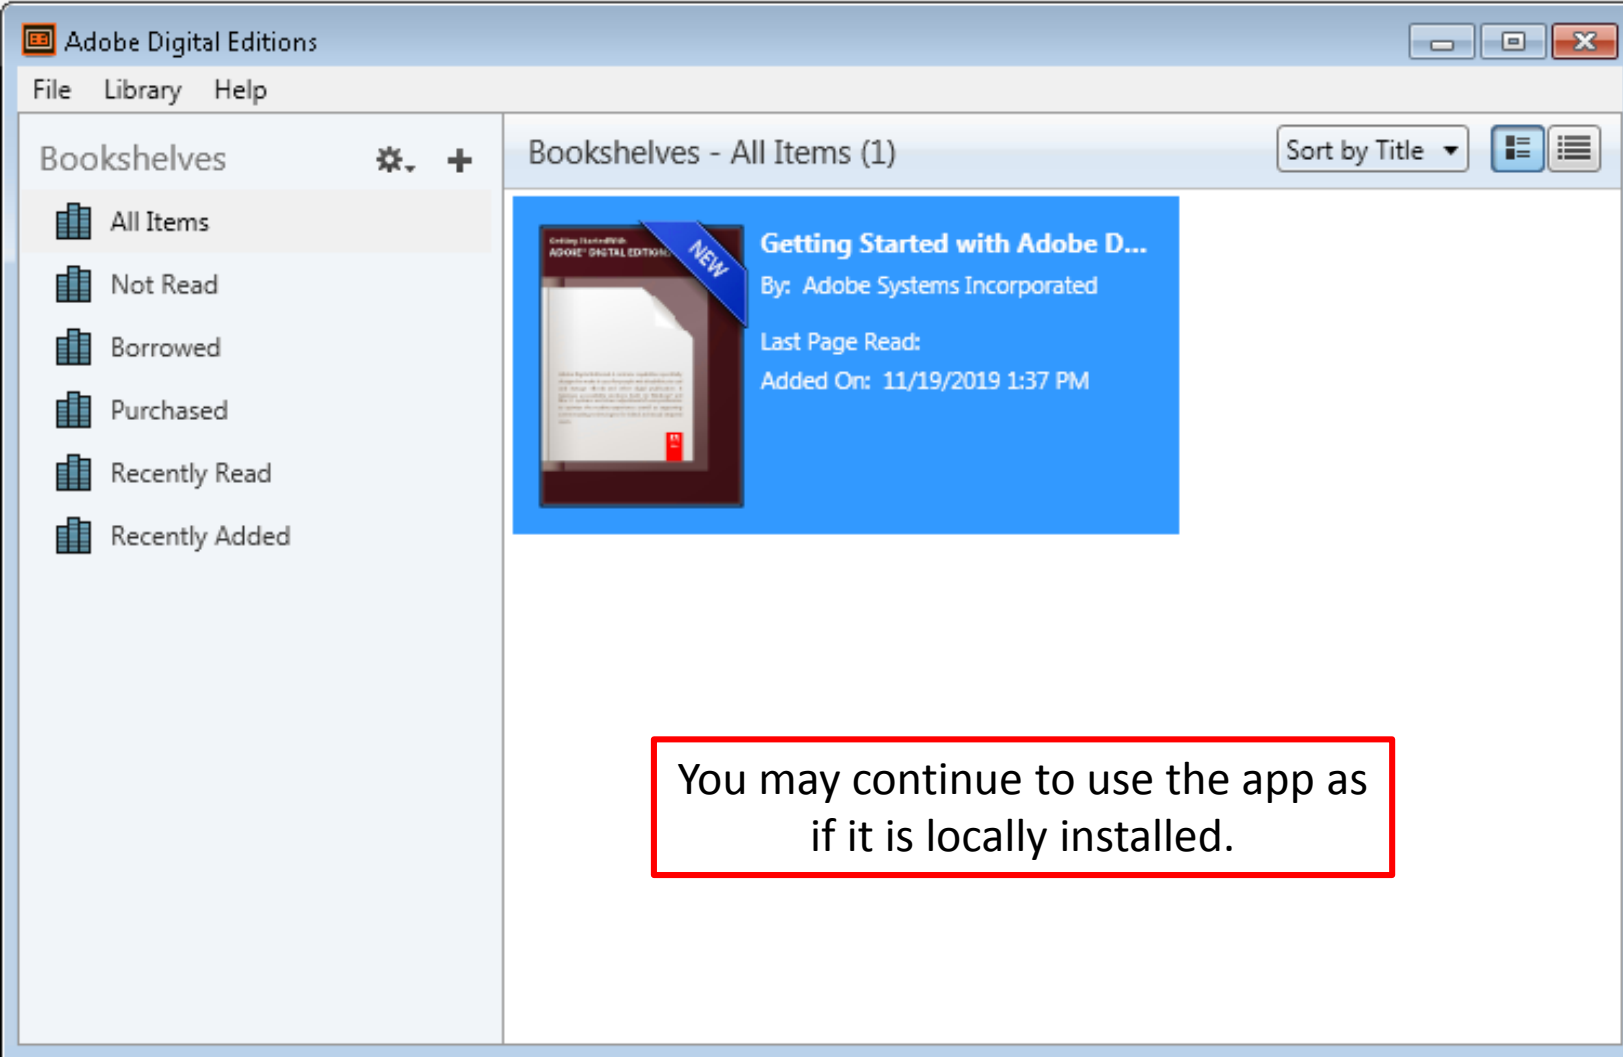

Whenever prompted, click 'Launch Application' to allow us to validate your device.

Got it!

Don't show me this again

Clicking “Launch” will start the process of opening the application. Once the process is successfully completed, the application will launch automatically. It takes time for the application to load and launch the first time.

You may continue to use the app as if it is locally installed.

For any issues, feel free to reach the IT Service Desk at:
